

## Surgical Pathology Update and Junior Academy 2017

|             |              |                              |   |   |
|-------------|--------------|------------------------------|---|---|
| Nov 24      | 8.30-8.45    |                              | opening remarks   |   |
|             | 8.45-9.20    | Puay Hoon Tan                |   | Prognostic and predictive factors in breast cancer  |
|             | 9.20-9.55    | Puay Hoon Tan                |   | Spindle cell tumors of the breast   |
|             | 9.55-10.30   | Puay Hoon Tan                |   | Borderline lesions of the breast  |
|             |              |                              | break   |   |
|             | 11.00-11.35  | George Netto                 |   | Genomic advances in prostate cancer: refining risk stratification and guiding management            |
|             | 11.35-12.10  | George Netto                 |   | Personalized management in bladder cancer: the promise of novel molecular taxonomy                  |
|             | 12.10-12.45  | George Netto                 |   | A bullish outlook on the future of anatomic pathology in the era of precision medicine              |
|             |              |                              | lunch   |   |
|             | 14.00-14.35  | Yong Koo Park                |   | Diagnostic challenges of bone tumors  |
|             | 14.35-15.10  | Yong Koo Park                |   | What's new in osteosarcoma  |
|             | 15.10-15.45  | Yong Koo Park                |   | Recent update on Ewing tumor  |
|             |              | break                        |   |   |
| 16.15-16.50 | Ryohei Katoh |                              | Unusual variants of papillary thyroid carcinoma                         |   |
| 16.50-17.25 | Ryohei Katoh |                              | Diagnostic clue for follicular patterned thyroid tumors including NIFTP |   |
| Nov 25      | 8.30-9.05    | Ryohei Katoh                 |   | Molecular pathology (genetic profile and its therapeutic application) in thyroid carcinomas         |
|             | 9.05-9.25    | Georgios Kontogeorgos        |   | Update on the new WHO classification of pituitary adenomas  |
|             | 9.25-9.55    | Georgios Kontogeorgos        |   | "Pituitary adenoma" without adenoma   |
|             | 9.55-10.30   | Georgios Kontogeorgos        |   | Update on the new WHO classification of gastrointestinal neuroendocrine tumors                      |
|             |              |                              | break   |   |
|             | 11.00-11.35  | Neil Shepherd                |   | The changing role of the pathologist in the management of Barrett's oesophagus                      |
|             | 11.35-12.10  | Neil Shepherd                |   | Microscopic colitis and focal active colitis: an ever-changing landscape                            |
|             | 12.10-12.45  | Neil Shepherd                |   | The pathology of polyps and polyposis syndromes: an update  |
|             |              |                              | lunch   |   |
|             | 14.00-14.35  | Osamu Matsubara              |   | Surgical Pathology Update of the Lung Cancers: Targeted Therapy and Pathologists                    |
|             | 14.35-15.10  | Osamu Matsubara              |   | Surgical Pathology Update of the Interstitial Lung Diseases: Diagnostic Patterns                    |
|             | 15.10-15.45  | Osamu Matsubara              |   | Hot Topics of Pulmonary Vascular Diseases: Pulmonary Vasculitis and Pulmonary Hemorrhage Syndrome   |
|             |              | break                        |   |   |
| 16.15-16.50 | Gary Tse     |                              | Triple negative breast cancers - an update                              |   |
| 16.50-17.25 | Gary Tse     |                              | Molecular classification of breast cancer simplified                    |   |
| Nov 26      | 8.30-9.05    | Fernando Schmitt             |   | Cytopathology of the lung   |
|             | 9.05-9.40    | Fernando Schmitt             |   | Ancillary techniques in cytology of head and neck   |
|             | 9.40-10.15   | Fernando Schmitt             |   | Molecular cytopathology   |
|             |              |                              | break   |   |
|             | 10.15-11.15  | Chi Nguyen/Vanessa Dayton    |   | 2016 Updates to the WHO Classification of Lymphoma  |
|             | 11.15-12.15  | Daniel Milner/Vanessa Dayton |   | Progress towards establishing a Lymphoma Telemedicine Program between Vietnam and the United States |
|             | 12.15-13.00  |                              |   | Vietnamese pathologists presentation  |
|             |              |                              | lunch   |   |
|             | 14.00-14.35  | Anais Malpica                |   | Pathology of the lower female genital tract: an update  |
|             | 14.35-15.10  | Anais Malpica                |   | Serous and mucinous tumors of the ovary: current issues   |
|             | 15.10-15.45  | Anais Malpica                |   | Mesenchymal tumors of the uterus: what you want to know   |
|             | 15.45-16.00  |                              | closing remarks   |   |
